It is imperative that property Management Assemblies conduct legally impeccable elections across all types of votes and topics.

Our tailor-made electronic voting solution ensures this security, no matter how controversial the question may be.

OwnArs™ for Property Management Meetings: Key Features

- ✓ **Determination of a quorum**
- ✓ **Allocation of names to a voting unit**
- ✓ **Management of the voting shares**
- ✓ **Differentiated voting proxy**
- ✓ **Open, roll call or secret ballot**
- ✓ **Accessible for red-green colour blind participants**
- ✓ **Clear visualization of voting start process,**
- ✓ **Transparent monitoring during the voting process**
- ✓ **Display of voting end**
- ✓ **Detailed logging of each voting process with automatic creation of the report file (print ready)**

HIGH TRANSMISSION SECURITY : LEAST PREPARATION : HIGH FLEXIBILITY : AUTOMATICALLY GENERATED REPORTS

Organizations, associations and fund companies are also regularly supported in carrying out their general assemblies using interactive voting systems from Infowhyse.
Whether addition or subtraction model, we will make all voting procedures reliable and quick.

The voting results can be documented and stored verifiably.
A timely visualisation for all present participants can also be shown within seconds.
